

AMANA PLAST

♻️ A GIFT FROM WASTE PLASTICS

The Planter *Collection*

Everyday plastic waste, reclaimed and remade into durable, beautiful pots for every plant and every space.

OUR STORY

Waste, remade as *beautiful things.*

Amana Plast reclaims discarded plastic and gives it a second life as planters built to last — moulded, finished and ready for the soil.

Every pot keeps plastic out of landfill and in your home and garden instead. Good for your plants, better for the planet.

100% Recycled

Reclaimed plastic,
remade

Plant-ready

Drainage + liner built in

UV-stable

Holds colour outdoors

Built to last

Won't crack or fade

*Thoughtfully made from **100% recycled plastic** — a small, circular choice for a greener everyday.*
